

Accelerated Learning Workshop

The Center for Accelerated Learning

Bring new zest, joy, and success to corporate training!

Ready to boost your career as a leader in learning within your organization? The Accelerated Learning Workshop prepares corporate trainers, educators, and learning professionals of all types to design and deliver results-driven training programs that are engaging, effective, and lead to increased productivity.

Our unique approach enables you to tackle learning with fresh energy and enthusiasm, putting participants at the center of their own learning, and making learning fun, interactive, and engaging.

You will walk away with the tools you need to speed training time, reduce training costs, activate learners, and improve learning results that reach far beyond the classroom

Who Should Attend?

- Learning designers
- Training specialists
- Training managers
- Leaders of training-related activities
- E-learning developers
- Educators
- Consultants

Bottom-Line Benefits

- Design new programs in half the time or less
- Cut training costs by 30% or better
- Improve learning speed and durability by 1/3 or more
- Improve measurable learning retention by at least half
- Get learners totally engaged in their learning

You will also walk away with...

- A copy of the industry's best seller *The Accelerated Learning Handbook*
- A copy of *The Learning in Style Assessment Book*
- A copy of *The Presenter's Jiffy Guide to Effective Presentations*
- Accelerated Learning course blueprints
- Over 200 practical ideas for how to get learners totally engaged
- Rapid design tools, tips, and templates
- Hands-on practice sessions
- Free phone & online consulting & support for six months after the workshop

Workshop Schedule

Day 1 & 2: Accelerated Learning Facilitation

Learning by doing: Participants will discover the principles of accelerated learning and collect tangible learning activities that they can adapt to any content.

Day 3: Accelerated Learning Design

Participants will discover AL design principles and create a design blueprint for one of their modules or courses that they can use right away after the workshop. Participants will "test drive" their design and receive detailed feedback from facilitators and fellow participants before taking it on the road.

*Attend the 3-day workshop for the complete experience. You can also attend the first two days only if time and budget considerations dictate. You can always attend a third day at a later date!
